## EDUCATION

### University of California, San Diego

Class of 2019

**B.S. Cognitive Science, Human Computer Interaction  
Computer Science (Minor)**

## WORK EXPERIENCE

### US Department of State

Washington DC

2019 - Present

#### **Information Management Specialist**

Analyzed and exploited large all-source datasets in order to solve complex problems, collaborating with several teams in order to provide an all-inclusive analytic product.

Independently conducted consultations and capabilities briefings with potential customers in order to advocate for team functions and gain more partners.

Independently organized and spearheaded several projects including an internal Stack Overflow in order to improve efficiency and workflow of employees. Forged partnerships with SME's across all sectors in order to leverage diverse expertise. Present proof-of-concept to higher management which lead to the project becoming an official development effort.

### Central Intelligence Agency

Washington DC

Spring 2018

#### **Project Management and Design Intern**

Managed several projects through collaboration with contractors and various agency offices. Spearheaded research on plausibility and efficiency studies.

Designed and created conceptual prototypes using storyboarding and the Adobe Creative Cloud Suite.

Utilized background in Korean culture and language in order to analyze and translate documents in support of talks.

Winter 2018

#### **Technical Analysis Intern**

Conducted forensic analyses of hard drives, focusing on pattern-of-life-analyses

Summer 2017

#### **Software Engineering Intern**

Developed internal tools utilized by staff to coordinate mission execution worldwide. Lead research on the designing of data visualization methods for large data sets. Developed in-house forensic data visualization application.

### University of California

Spring 2017

#### **Project Management Intern**

Facilitated coordination and communication with contractors to organize and deliver multi-million dollar projects from conception to construction
